

Science and Engineering Research Board (ACCELERATE VIGYAN SCHEME)

CALL FOR APPLICATIONS UNDER “ABHYAAS” (WINTER SEASON)

"Accelerate Vigyan" (AV) strives to provide a big push for high-end scientific research and prepare scientific manpower which can venture into research careers and a knowledge-based economy. The aim of AV is to expand the research base in the country, with three broad goals - consolidation/aggregation of all scientific training programs, initiating High-end Orientation Workshops and creating opportunities for Training and Skill Internships.

‘ABHYAAS’, a program of AV scheme, is an attempt to boost Research & Development in the country by enabling and grooming potential PG / Ph.D. level students by developing dedicated research skills in selected areas/disciplines/fields through its two components- **High-End Workshops (“KAARYASHALA”)** and **Training and Skill Internship (“VRITIKA”)**. This is especially important for those researchers who have limited opportunities to access such learning capacities/facilities/infrastructure. The list of dedicated themes (but not, necessarily restricted to the list per-se) for the high-end workshop can be found on the AV web portal, whereas there are no specific target themes for “VRITIKA”.

The call for inviting applications under components of “KAARYASHALA” and “VRITIKA” for the winter season (Nov 2022 - Jan 2023) is extended till 30 June 2022.
