July 3 - July 10, 2023

- No fee
- Free accomodation
- Free food
- Travel allowance

Scope

This is a 7 days workshop, funded by SERB, DST, Govt. of India, to support regular PG/ PhD students (**25 students only**) who are having a strong orientation towards Microfluidics Interdisciplinary scientific research and are pursuing their degree from University within India in the fields of Science & Engineering and having an interest in developing integrated microfluidic devices for various applications from different disciplines. Experts from multidisciplinary field (Engineers, Doctors, material scientists, microbiologist, Pharmacologist) will be delivering the lectures.

Who can apply?

PG/PhD students (pursuing) from universities, colleges, government & private academic institutions.

About IPSA-IES, Indore

IPS Academy, Institute of Engineering & Science is established in 1999 is one of the premier self financing institutes imparting quality technical education with the sole motto of "Knowledge, Skill & Values".

Chief Patron -

Ar. Achal K. Choudhary, IPS Academy, Indore

Patron -

Dr. A.G.Kothari, Advisor, Institute of Engineering & Science, IPSA, Indore

Dr. Archana Keerti Chowdhary, Institute of Engineering & Science, IPSA, Indore

Registration deadline

July 2, 2023

Certificate

Certificate will be given at the end of the workshop.

Workshop Mentor

(For registration, you just have to fill the Goole form. There is no need to send any email.)

Dr. J.Ponmozhi

Associate Professor

Department of Mechanical Engineering

IPS Academy, Institute of Engineering & Science, Indore - 452012, India
